

OMNOVA Solutions is excited to introduce a new portfolio of coated fabric products—**Pinnacle**<sup>™</sup> performance fabrics. **Pinnacle** performance fabrics are high performance, non-PVC coated fabrics designed for a variety of applications and environments. Each of the **Pinnacle** designs is non-PVC and is plasticizer-free and has been designed for Original Equipment Manufacturers, architects, designers or facility managers seeking an alternative to PVC without compromising performance.

The portfolio of **Pinnacle** coated fabrics will be launched to include five urethane designs—*Cascade*, *Antigua*, *Cabo*, *Serengeti* and *Touché*—each featuring a soft hand for ease of upholstering while delivering performance in an environmentally-preferred construction.

Two additional new **Pinnacle** designs will be introduced in early 2011, each featuring **PreFixx** protective finish. These patterns will feature sophisticated embosses and a broad color range.

**Cascade**  
Gingerbread

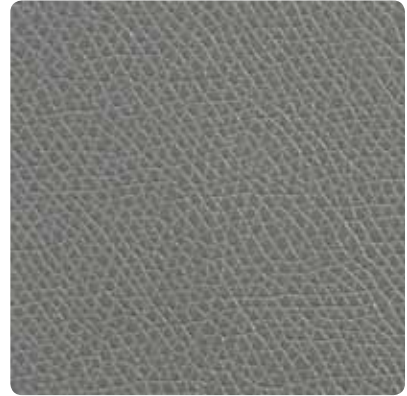

*Cascade* is the foundation of the new **Pinnacle** performance fabrics. Consistent with the brand promise, *Cascade* is both PVC and plasticizer-free and delivers a soft hand while meeting the performance needs of many demanding environments. *Cascade* features the industry-leading **PreFixx**<sup>®</sup> protective finish; it is OMNOVA Solutions' first urethane offering with the "often imitated, yet never duplicated" **PreFixx** protection. Featuring 18 rich designer solid colors and a smooth grain leather emboss, it is versatile for many environments. The color palette will be enhanced in early 2011 to include a range of over 40 colors from additional neutrals to stunning pearl and metallic finishes.

Not for the faint of heart, *Antigua* features a crocodile emboss in fifteen eye-catching colors, including three rich metallics. *Antigua* is a sure winner for projects where a touch of drama is desired.

**Antigua**  
Komodo

*Cabo* is a unique and sophisticated leather grain suitable for a variety of applications. The color palette features 19 hues ranging from earthy neutrals to rich, jewel tones.

**Cabo**  
Pebble

**Serengeti**  
Graphite

*Serengeti* features a refined, cosmopolitan ostrich emboss in 16 fresh colors that range from traditional leather looks to inspired metallic shades.

It's hard to resist the soft hand and "kid glove" leather grain of *Touché*, a high quality, leather-like upholstery without the leather price tag. Its broad palette of 35 on-trend colors will find a place in many interior applications.

**Touché**  
Sahara
