

# Flat Laminates

by OMNOVA Solutions

To assist you, OMNOVA Solutions has prepared the following Flat Laminate Cross Reference Guide. The guide identifies a number of our popular Flat Laminates whose color and pattern match those of our 3D Laminates and **surf(x)**® 3D Laminates. In turn, our 3D Laminates and **surf(x)** 3D Laminates closely match the color of many High Pressure Laminates (HPL) and Thermally Fused Melamines (TFM) available in today's market. Together, this selection of products enables specifiers to easily and accurately coordinate the finishes in store fixtures, cabinetry and furniture.

OMNOVA Flat Laminate Description	SAP Number (roll width)	Availability	OMNOVA 3D Laminate Description	SAP Number	Availability	Thermally Fused Melamines								
						Arclin	Coveright	Flakeboard	Funder	Panolam	Pluswood	Roseburg Duramine	Tafisa	Uniboard
<b>Patterns and Solids</b>														
Brushed Aluminum	510044 (50")	STK	Brushed Aluminum	509988	STK	7095 Brushed Metal	K610 Silver Frost	AF210 Silver Frost		A60 Negotiating in Geneva	60P Brushed Aluminum	514 Silver Frost	L474 Brushed Aluminum	961 Stainless
<b>Woodgrains</b>

Red text indicates a primary color match. Black indicates a secondary color alternative.

**PLEASE NOTE:** Comparisons are based on color aspects only. Grain pattern, texture, embossing and gloss level may vary significantly between products. OMNOVA recommends that customers always compare aesthetic as well as performance characteristics of different products, and obtain actual samples of the various laminate constructions before making a final selection. Comparisons should be made under controlled lighting conditions.
