

surf(x)[®] 3D Laminates Stock Portfolio Expanded with Island Influence

OMNOVA Solutions' surf(x) 3D Laminates STOCK line has been enhanced with a selection of new designs influenced by a tropical island retreat. Featuring a straight cut grain, *Aurora Oak* and *Obsidian Oak* are the perfect backdrop for the bold colors and radiant metals in today's interiors. For an elegant feeling, *Palos Mahogany* and *Addison Mahogany*, are planked with a minimal and natural, purist approach. *Mineral Amber* and *Mineral Geode* were inspired by a mix of minerals while *Maui Granite* draws its inspiration from the black sand beaches of Hawaii.
