SofDura® 26

TYPICAL PROPERTIES

Content	100% vinyl face, polyester knit backing
Finish	PreFixx® Protective Finish
Width - inches	54
Roll Size - linear yards	40
Weight - oz. / per linear yard	26

PERFORMANCE REQUIREMENTS

Meets or exceeds ACT Performance Guidelines	
Abrasion Resistance (CFFA-1a) - cycles	
Cotton duck abradant	1.3 Million
Mildew Resistance (ASTM G-21)	Pass
Cold Crack - °F	-20
U.V. Resistance (CFFA-2)	
- Hours outdoor	650
Flame Retardant Rating	
- BIFMA, Class A	Pass
- California Technical Bulletin 117-2013, Section 1	Pass
- NFPA 260, Class 1	Pass
- UFAC Fabric, Class 1	Pass

APPLICATIONS

Interior/Exterior Upholstery

Upholstery protected with **PreFixx** protective finish is engineered to be cleaned again and again without showing signs of wear. With easy cleanability, and proven stain resistance, even the toughest stains can be wiped away without harming the upholstery when the recommended cleaning process is followed.

Though our upholstery can be used in many applications, customers are responsible for selecting an upholstery with attributes that meet the requirements of the specific end-use application – not all upholstery is suitable for all applications.

**Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.*

Nautolex® products are easily cleaned. For specific cleaning instructions, see downloads at www.omnova.com/nautolex Tip Card No. 82010
