

# RESPONSIBLE CARE® POLICY

## SAFETY, HEALTH, ENVIRONMENT & SECURITY

We, the employees at OMNOVA Solutions, will operate our facilities and conduct our business activities in a manner that protects the safety and health of our employees, preserves and protects the environment and maintains effective security processes.

We are dedicated to developing, manufacturing, selling and transporting our products in a safe and environmentally responsible manner. We will communicate to our customers how to use, handle, store and dispose of our products responsibly.

We commit to comply with safety, health, environmental and security laws and regulations as well as those programs we have implemented as part of the Responsible Care® Guiding Principles.

We will establish goals, objectives and processes to drive continual improvement of safety, health, environmental and security practices in our facilities.

Our business activities will be conducted in a way that promotes openness with stakeholders.

This policy reflects OMNOVA's ongoing commitment to our employees, shareholders, customers and communities.

Anne P. Noonan

President and CEO  
OMNOVA Solutions
