

Sultano Salt is a tumbled quartzite stone with large open limestone deposits and small veins in off-white coloration.

Like all our 3D Laminates, it can be membrane-pressed or vacuum-formed to contoured surface profiles eliminating the need for T-molding, edgebanding, visible seams and special edge treatments. As a **surf(x)** 3D Laminate, it features our highest level of durability.

Referenced SKU is for 250 LY roll. Also available in a 50 LY roll.

Industries & Markets

- Recreational Vehicles

End-Use Applications

- Interior Surfaces

Product Specifications

General Product Information

| | |
|----------------------------------|---|
| Availability | Stock |
| Minimum Order Qty | 50 LY |
| Embossing Number | E-797 |
| Product Selection Considerations | Though our laminates can be used in many applications, all laminates are sold with the understanding that customers will make their own independent determination whether a particular laminate has the durability and other performance attributes required for the specific end use laminate application – not all laminates are suitable for all applications. |

Optional Services

| | |
|------------------|----------------------|
| Adhesive Options | Pre-applied Adhesive |
| Slitting Offered | Yes |

Revision Date: 28-Oct-19

Note: Due to possible variances in your computer monitor, the colors and patterns displayed may vary slightly from the actual product. Customers should always obtain and compare actual samples before specifying.
